SEASIDE OFFER OF CO-OPERATION

Congressman Lorimer, of Rivers and Harbors Committee, Coming To Astoria.

MANAGER WHYTE has received a letter from Secretary C. A. House of the Seaside Development League offering to cooperate with Astoria in the progress of upbuilding the two cities and thought there were matters that could be brought about to the mutual benefit of the two cities. Mr. Whyte has replied saying that he appreciated the offer, very much, and would be glad to cooperate with the Seaside organization to the extent of his ability. In the interests of this new movement Manager Whyte will go to Seaside on the noon train, today, to look over the town and see just what can be done in regard to this matter. It is the intention of the Chamber of Commerce to invite several representative citizens of Seaside to the banquet given in honor of the vice-president and a rate on the railroad will be secured for not only the Seaside people but for other adjacent towns as well.

Senator Fulton received a letter from Hon. J. N. Teal, of Portland, saying that Congressman Lorimer, of Chicago, on the Rivers and Harbors Committee was coming to Astoria in the near future, to inspect the improvements at the mouth of the Columbia and at Celilo. As the Senator will be out of the city at the time of Congressman Lorimer's visit, he has asked Manager Whyte to take charge of the matter and see to the distinguished visitor's reception and comfort while he is the guest of Astoria. As the letter was received late yesterday afternoon, the plans had not been formulated but it is probable that a special committee will go to Portland to escort the Congressman to this city and carry out the wishes that he may care to express.

G. W. Roberts, the local agent for the O. R. & N., called at the chamber rooms yesterday and offered to have the names, contributed by the school children, sent to the passenger agents of the various Harriman roads and they would take the matter up with the parties personally. Where ever possible they will call upon the people and furnish them with literature and information calculated to induce them to remove to this section. The school children are displaying more and more enthusiasm in the part they have been given in the furthering of a "Greater Astoria" not satisfying themselves with the 20 names limited on the postal cards, but are adding supplementary lists at later dates. Constance Fulton yesterday sent in a letter containing 75 names in addition to a postal card.

THE ELKS' BUILDING.

Astoria's Fraters Will Do the Real Thing Very Shortly.

For a lodge of Elks to declare for the perpetration of any given scheme of improvement is tantamount to its accomplishment. In that they never adopt resolutions of such importance as to build a new home, for instance, without having first thoroughly weighed and measured the proposition. That the Astoria Elks have done this is now understood, and the development of the fine project is in the hands of an able committee consisting of Exalted Ruler John C. McCue, G. Clyde Fulton, F. I. Patton, and W. F. McGregor, aided by the regular trustees of the lodge, W. C. Laws, F. J. Carney and Edward D. Lackey.

The initial meeting of this group will be held tomorrow afternoon at 4 o'clock in the office of Mr. McGregor, on Bond street, and the affair will take significant shape before they rise from the sitting. The proposition has the enthusiastic endorsement of the entire lodge, and is certainly welcomed by the entire citizenry here, not alone because it will add to the equipment and adornment of the city, but because it emanates from just the source it does and carries the prestige of assuredness with it.

The local lodge owns an hundred feet square of property immediately south of the new building just erected by the Astoria Savings Bank, which is an ideal site for its fraternal home and for the businesses that may be merged with it on the ground floor. Just whether the whole 100 feet will be utilized or not is yet a matter to be determined in committee and lodge, but there is no doubt the idea will be perfected and the improvement carried to speedy and legitimate conclusion.

The local Independent Order of Odd Fellows will celebrate the 88th anniversary of the founding of the lodge next Thursday.

Another Citizen Due—

A native of Norway, by the name of Konrad Amadus Severin Kristensen, yesterday made formal declaration of intention in the matter of his American citizenship before County Clerk J. C. Clinton.

Hospital News—

C. E. Taylor, the Pacific Logging Company's engineer who was so badly burned on January 26, received several more inches of skin at the hospital yesterday. Four of Taylor's friends came over from Deep River and each contributed a portion of his skin. Owing to the large surface to be covered the operation is necessarily a slow one.

Mattie Rathman, an aged Finn who could not speak English, could neither remember where he lived nor where he had been injured. All he could tell the interpreter was that he had been out in a boat where the water was rough; that the boat had partly filled with water, and in balling and getting the boat ashore he had in some manner injured himself.

In Southern California—

Rev. W. Seymour Short, rector of Grace Episcopal church in this city, is now resting at Riverside, California, and his throat trouble is perceptibly better. He will use up so much of his three months' leave of absence as is necessary to effect genuine relief and confer a real rest, when he will return to his charge and his friends. On May 1st it is expected Rev. John Warren will arrive here to take over the incumbency of Holy Innocent's chapel. He comes from Pendleton.

To Be Tried Tomorrow—

The trial of Thomas Bruggy, one time acting engineer of the custom house tender Patrol, and who was arrested here while in service aboard that vessel, upon a charge of obtaining money under false pretenses, at the instance of some Portland people, and now in jail there, will be tried for the offense tomorrow. F. G. Broemser, of this city, who has been doing duty on the lighthouse-tender Heather, will leave up this evening for the metropolis, having been summoned as a witness against Bruggy.

More Chinamen—

Fifteen Chinamen arrived from Seattle yesterday and were added to the Alaska Fishermen's Packing Company's crew of cannery men, aboard the John Currier.

Police Court—

The list of miscreants to appear before Judge Anderson has been very light, the past few days. Friday there were none at all and yesterday but men faced the judge, charged with being drunk and disorderly, they were given a fine of \$5 or they were

Moulders Strike—

The moulders of Portland threaten to strike May 1 unless an eight-hour day is granted them. The employers say they cannot concede a shorter working day at the present wages. The strike of these employees may effect the whole coast and it is no more than likely that the moulders of Astoria will join the movement.

Gradually Winding Up—

The tremendous rush of tax-paying citizens who besieged Sheriff M. E. Pomeroy's office during the past couple of months, left an incredible amount of detail to be caught up with by his office force; but day by day, this is being straightened out and will soon be up to the hour. Tomorrow another cash turnover will be made of \$12,563, making the cash to the treasury, to date, \$242,209.12, less about \$7000 in discounts credited to the early payments of taxes.

porting Mr. Howard is excellent, Miss Betty Jonson taking the part of the pseudo adventuress is certainly one of the best characters in the show. Miss Jonson doesn't act, she lives and breathes the mimic world of "Other Peoples Money" and it is no trouble for her audience to enter into it with her. Edmund Murphy, as Oliver Starbird, gets the utmost out of his part and contributes to the enjoyment of the evening. The performance will be repeated at a matinee this afternoon and also in the evening.

To Property Owners—

The undersigned for ourselves and those we represent are willing to buy and pay for property in this vicinity to the value of \$1,000, to \$100,000, or several pieces of property of various kinds, business property, or lots or acreage, but we must have fair prices and will not under any circumstances pay profits to land grabbers who have no bona fide intentions, but who have tied up desirable property on contract and expect new-comers to pay them enormous and unfair advances on same. If you want to sell and will offer us a fair deal, address L. L. Folsom or W. D. Field, care of F. N. Clark, Astoria, Oregon.

SPLENDID TO USE.

This is the month to rid the system of Blood disorders of all kinds, of which Rheumatism is the most prevalent symptom and hardest to overcome during the winter months, when the Kidneys have failed to filter out the uric acid and other waste matter.

A well known authority writes that the worst forms of Rheumatism, Blood disorders, also Kidney and Bladder weakness are often readily relieved and prevented during an entire year by taking for a little while one teaspoonful of the following mixture after meals and at bedtime, viz:

Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces.

A local druggist states that these are harmless ingredients, which any good prescription pharmacy can supply and anyone can easily mix them at home by shaking in a bottle.

It is said by many of the old folks that the above mixture, if taken during this month, will add years to life and prevent many a sick and miserable day during the year.

KILLED BY ROBBERS.

LIMA, Ohio, April 20.—W. E. Legg was shot and killed in his meat market in the suburbs of Sydney, south of this city, late tonight. Two strangers entered his store and while one covered Legg the other proceeded to rifle the cash drawer. Legg made an effort to secure a pistol and the man with the gun shot him four times. The robbers secured about \$25.
